Instructions:

1. Print the game board and game pieces on regular paper or cardstock and cut them out. Do not cut along dashed lines – this is where you will fold the paper.
2. Assemble the board by cutting off the white margin, then apply tape to the back to secure the two halves.
3. For the game pieces, make the indicated folds away from you, then glue or tape the smaller rectangles to the back of the large, middle rectangle. Fold the character toward you and stand him or her up.
4. Repeat step 3 for the game board sign. Stand the sign up where indicated on the board.

Game Play:

Start all players off the path on the words "Start Here." Players should take turns using a six-sided die to advance their pieces. The first player to cross the finish line wins the game. If you land on any of the marked pieces, follow these steps:

Text: Read the text and follow what it says.

Phineas: Roll the die and move forward that many spaces.

Ferb: Roll the die and move back that many spaces.

Candace: Busted! Go back to the start.

Perry: The player in the lead must roll the dice and move back that many spaces.
